

Immerse Yourself in Fiber CNCH 2015 at Asilomar

Our incredible roster of nationally and internationally known instructors is now set in stone! We're sharing this list with you now for a couple of reasons:

First and foremost of course, we know you'll want to start planning to sign up early for the conference, knowing that one of your favorite teachers will be there! Further details on our gathering will be uploaded on this site on September 13th, and this is when your Guild Liaisons will also have information to share. Registration begins November 1st.

Second, perhaps your guild would like to invite one of these fantastic instructors to a separate workshop at around the same time. This would defray travel costs for your guild and our conference both! Why not take advantage of their presence in your area?

Many of these instructors proposed several different topics initially. If you'd like to see those alternate topics, or need contact information, or any other details, please email Joan Near, cnch2015chair@gmail.com.

Jason Collingwood, 3-End Blockweave w/ shaft-switching

Sharon Alderman: Exploring the Eight Shaft Loom

Daryl Lancaster - The Next Step: Inkle Weaving Advanced Techniques

Jannie Taylor: Diversified Plain Weave
