

Are you considering entering one of your creations in our Fiber Roots Gallery but think that, “it’s not good enough,” or “It’s too old”? Or, have you been inspired to make something new and are working furiously to get it finished? Hooray! Can’t wait to see it!

Share your unique talent with your fiber friends. There are no restrictions as to age, yours, or the item! As a matter of fact, if you have something that harkens back to your “roots” and you’re willing to share the story, please share it with the rest of us. We’re looking forward to seeing at least one creation from everyone who is registered for a class.

Come on! Jump in! The water’s fine!

Our CNCH 2024 gallery will highlight specific items. Voting is People’s Choice, and visitors can place sticky dots on their favorites in each category. Winners will receive a special prize.
